Welcome!

Open Monument Day has come to its 14th edition and is proving to be an appointment of absolute relief in the cultural planning of the Municipal Administration of Alghero, for 2016 too.

The great success obtained in the previous editions, with a remarkable increase of the presence and the enthusiastic pleasure of the tourists, has induced the Administration to continue on the following way: by proposing every year a rendezvous that is always new and rich with hints and different suggestions.

Therefore, great novelties will accompany also this edition of Open Monuments, keeping intact the fascination of the visit to a town capable of offering visitors patrimony in an original and involving manner.

A complex organizational machine that is able to concern hundreds of available people who contribute, with a big enthusiasm and professionalism, to the achievement of this event characterized by an absolute relief in the cultural planning of the Municipal Administration of Alghero, for 2016 too.
